

2/20/19

To our Residential Customers,

Since we started our business three years ago, we have been blessed to work with so many wonderful customers. Each of you have allowed us to support our family and our employees and build our business.

We have always done a combination of commercial/public works jobs and residential work. Recently, we have been fortunate enough to take on some large commercial projects and this has prompted us to review our current business model.

We have made the difficult but important decision to focus our attention on commercial/public works projects. This is an area of expertise for Jeff and his crews and we are excited about this transition.

So, what does that mean for you, our residential customers? We are still here for you if you have any issues/concerns with the fence we have installed at your home. Please don't hesitate to contact us. If you need more fence work, please give us a call. If we are able to take on your project we will do so. If not, we will refer you to a reputable local fence company. Also, if you've recently received an estimate from us for residential work, we will honor all provided quotes for a period of thirty dates from the original bid date.

Once again, thank you so much for your business and support. We could not have built our Company without you!

Sincerely,

Jeff and Jana Rutt

Owners, Rutt Fence
